

Township Road Right-of-Ways
within
Shrewsbury Township

(July 10, 2014)
(Updated April 8, 2015)

The ROW widths listed below are for township roads and streets and are in feet. If you need a state road right-of-way width, please contact the Township office at 235-3011 (ext. 106) for assistance.

For general purposes, in determining a ROW setback, the ROW width (stated below) must be divided by two (2) and then measured from the centerline of the street. Signs cannot be within any road or street ROW; therefore, it is strongly recommended that you verify the ROW/property line with the private property owner on which the sign will be located.
