

Proposed Rezoning

Shrewsbury Township

December 2018

The Shrewsbury Township Board of Supervisors is proposing to rezone six (6) parcels in the Rural Residential Receiving District (RRR) parcels on the north side of Manchester Street to the adjoining Suburban Residential District, and twenty (20) parcels on the south side of Seitzland Road be rezoned to the adjoining Rural Residential District.

Majority of the parcels being considered for rezoning are already developed and would not utilize many, if any, Development Rights from the Agricultural District.
