

PENN WASTE AWARDED NEW CONTRACT

A new three (3) year trash & recycling contract was awarded to Penn Waste, with an effective date of July 1, 2025. The new contract eliminated the pay-per-bag service (26 bags per year) and was replaced with a weekly collection of a 32-gallon trash & recycling cart.

There were three (3) companies that submitted sealed bids, as follows:

	FIRST Year July 1, 2025 - June 30, 2026		SECOND Year July 1, 2026 - June 30, 2027		THRID Year July 1, 2027 - June 30, 2028	
BIDDER	96-Gallon Cart (per year)	32-Gallon Cart (per year)	96-Gallon Cart (per year)	32-Gallon Cart (per year)	96-Gallon Cart (per year)	32-Gallon Cart (per year)
Penn Waste	\$323.28	\$303.60	\$332.98	\$312.71	\$342.97	\$322.09
Republic Services	\$396.00	\$336.00	\$423.72	\$359.52	\$453.36	\$384.60
ESC Waste Services	\$404.97	\$380.97	\$424.67	\$400.67	\$445.35	\$420.70

Note that under the Penn Waste contract that ended June 30, 2025, the 96-Gallon Cart service cost \$390.36, and under the new contract it has been reduced by \$67.08 per year.

The pay-per-bag service under the old contract was \$299.00 and under the new contract the 32-gallon cart service increased \$10.00 annually. While there was a slight increase for the 32-gallon cart service, the former pay-per-bag customers will now be able to have trash collected every week (instead of every 2 weeks) and it includes the collection of one (1) bulk item each week.
